CARLSTADT, ALBERTA, THURSDAY MARCH 27, 1913

One Dollar Per Annum

PASSES AWAY ON TRAIN

Benjamin Smith, a well-to-do farmer of Belbeck, Saskatchewan, died suddenly on the Imperial Limited, east bound, shortly after it had pulled through Carlstadt. He was seated in the dining car, eating breakfast, when he was suddenly taken ill, and in a few minutes was dead. As soon as the train reached Suffield, Dr. R. H. Mason was called, and he pronounced death to be due to acute indigestion and heart trouble. Mr. Smith was returning home from a three months trip to California, accompanied by his wife, son, nephew, and their families.

Why I Buy at Home

In several of the larger towns of the prairie provinces a local Retail Merchants' Association has been formed, and these associations have taken up a buy-at-home propaganda seeking to do a stroke for themselves, and for local manufacturers against the competition of outside concerns. The association in a town not far from here has issued a list of reasons "Why I buy at home," which is right to the point and applicable to any city. Here (Continued on last page)

ANOTHER BOOST FOR CARLSTADT

It is stated on good authority that the C. P. R. construction engineers will make Carlstadt their distributing center for supplies on the Bessano-Swift Current line.

This is welcome news, as it means that thousands of dollars that otherwise might be spent in neighboring towns will be in circulation in the Busy Burg.

The report appears to be true, as we understand that local merchants have secured the contracts for all the groceries, etc.

Adnace club dance, on Easter Monday evening, was pronounced as the "best ever" by the large crowd present. The hall had been attractively decorated and presented a pleasing appearance. Messrs. Blanchard and Rose furnished the music. Delectable refreshments, supplied by the ladies, were served and enjoyed.

Calvin Goss, erstwhile publisher of the Brooks Banner, the Carlstadt Progress, and the Irvine Index, has retired from the newspaper game and will go in for fruit farming in B. C.

LIBERALS NAME PINGLE

Medicine Hat Man Nominated; Election Called for April 17th. Meeting Here Tonight.

Charles S. Pingle, of Medicine Hat, is the nominee of the Liberal party for Redcliff district, as member of the provincial Parliament.

Such was the decision of the convention held in Redcliff on Tuesday which convention was attended by some two hundred, as well as by delegates from the various points in the riding.

Two other names were brought before the convention. Charles England, of Carlstadt, was nominated in a neat speech by Harry W. Johnson, seconded by George Gunderson; and Mayor Danelz of Redcliff was also brought forward. However, each withdrew in favor of Mr. Pingle.

Mr. Pingle, speaking briefly, thanked the convention for the honor accorded him, and asked for the support of every voter in the coming election.

Hon. A. G. Mackay, former leader of the Ontario opposition, was present and delivered a power-

ful address upholding the Sifton government.

In the evening in Medicine Hat, a smoker was held at which Hon. Mr. Mackay again spoke.

A pipe's hand was present and also entertained the crowd.

Charles England of Carlstadt, was called upon for a speech and responded with a brief but stirring talk.

Harry Johnson of Carlstadt made a big hit with several humorous sketches.

As one medicine Hat man was heard to remark to another: "That Carlstadt crowd are mighty good fellows to meet."

Carlstadt's delegates were: H. Egallent, George Gunderson, H. W. Johnson, John Laid, Charles England and Herbert Ketchum.

Tonight, Thursday, a liberal meeting will be held in the Adnace Continued on Last Page.

YOUNG WOMEN ENTERTAINED

Last Thursday evening the young ladies of the Y.W.C.T.U. entertained in the Methodist church. A large crowd was present and enjoyed the occasion to the limit, everyone seemingly having a good time. With the president, Miss Edna Gish in the chair, the following program was given:

Prayer—Pastor.
Song—"Maple Leaf Forever."
Debate—"Resolved, that married life is preferable to single life."
Affirmative: F. J. Conn, H. S. Ketchum. Negative: F. E. McDiarmid, H. B. Brigham. Judges, F. E. Clydale, F. R. Huff, and C. Woolven. The affirmative side won by a mile—the married men getting the worst of it in more ways than one.

Recitation—Miss Edna Armstrong. Recitation—Mrs. Paul Gish. Song—Rev. Clydale.
Reading—Miss Pearl Allison.
Following the program, several contests were held. Among the prize winners were Mrs. Walter Ball, F. J. Conn, Harry Johnson, Miss Harris and Roy Woolven. A delicious luncheon was served.

Mrs. F. J. Basken was in Suffield Monday evening.

U.F.A. LOCAL WILL PETITION

Carlstadt local U.F.A., are petitioning the Dominion Government, through Hon. W. A. Buchanan member for this district, for a release from payment of the regular fee of \$3 per acre for the pre-emption. The petition points out the fact that United States allows a half-section without payment in the region where dry farming is necessary. It further points that a release from payment of the \$3 per acre will encourage the homesteader to remain in and will benefit the province and the Dominion as well. Copies of the petition will be sent to other locals of the U.F.A. and forwarded to the government.

J. B. Wiest, of Shamokin, Washington, and William Wiest, of Port land, Oregon, are guests at the home of Mr. and Mrs. N. E. Stuart. The gentlemen are here on business connected with the New Dominion Farming Co.

Dave Shields, of the Carlstadt Development Co., which controls several thousand acres south of town, is buying up a large quantity of cattle, as it is the company's plan to go in for mixed farming.

MARTIN-SENOUR
100% PURE PAINT
EVERY DROP 100% PURE

After a thorough investigation of various brands of paint Martin-Senour is proud to be the name we could risk our reputation on.

Martin-Senour 100% Pure Paint

With this guarantee to be Pure White Lead, Pure Oxide of Zinc and Pure Linseed Oil, and without the necessary coloring ingredients and driers, how do we entirely trouble them to make a few dark shades that cannot be produced from lead and zinc alone. Come to the store and we will show them to you—costs about 10¢ per gallon. We guarantee to give you 100¢ per gallon of Pure Paint, and not a drop of adulteration or substitution is mixed in.

We recommend the customer brand for all our friends and customers. Another good point is that two gallons of this paint covers as much surface as three gallons of the cheap paint.

We have color cards showing all the colors and shades made. Free for the asking.

The Candidate

Who is the man who has the nerve before election every sverre, who greets all voters just the same, and calls each by his given name? And jollies all the country folks, and hands out "two-for" cabbage smokes?—The office-seeking politician.

Who wears the glossy stove-pipe lid, and kisses every voters kid? Who says that he will work and vote, to keep the ship of State afloat? Anvows that he will make call trust, and corporation at the dust?—The office-seeking politician.

Who is it, when he's won the race, will slap the voter in the face? And, eating at the public crib, will jab us common people's ribs? And then, with haughtiness will tell us all to go right straight to—thunder?—The office holding politician.

There is a good opening in Carlstadt for a dentist, who could spend a day or two each week here. There has been enough Carlstadt money spent with Medicine Hat and Calgary dentists to make it well worth a doctor's time.

Immigration to Alberta for 1913 will probably surpass even last year, when the provincial population was swollen by nearly a hundred thousand.

The Carlstadt school has the best teachers it has ever had, according to Walter Barnes.

THE FORUM

[The columns of the News are open to signed contributions, whether or not the sentiments expressed agree with those of the publishers.]

Dryzeil, March 23, 1913.

Dear Editor:

I noticed with much surprise and some amusement your statement under the heading "Communism" in last week's issue, re Sir Wilfrid Laurier's attitude towards the Navy Bill.

All the years that Sir Wilfrid was in power, we heard no mention of anything pertaining to a navy; though Australia, New Zealand, Cape Colony and Newfoundland were all sending contributions towards the British Navy; Canada alone standing out.

Now that Premier Borden has advanced a scheme whereby Canada contributes towards the British Navy, we hear Sir Wilfrid shouting Canada's ability to build and equip ships of her own, though when he was in power we never heard such a statement as that.

Australia has contributed towards the British Navy for nine years or more and is now in a position to start a navy of her own.

COFFEE BERRIES.

Round Kernels Are Stronger and Richer Than Flat Ones.

Everybody is more or less familiar with the term "male berry" applied to coffee. The term refers to the form and style, not the sex.

An examination of any kind of coffee will show that about one kernel in every twenty-five is quite round, like a bean, while all the others are fat on one side, like the half of a split bean. These round or male berries are always found on the young, vigorous, new wood of the previous year's growth at the end of the branches.

The old wood produces flat berries only. Each "pod" or fruit of the coffee tree contains either two common flat berries or but one round one. The substance of the fruit in the one case all goes into the single male berry, and in the other it is divided among two flat ones.

This undoubtedly accounts for the greater strength and richness of the male berry. In private plantations, where the trees are carefully pruned and the ground well cultivated and fertilized, the coffee is always of finer quality and the proportion of male berries is larger.

The round berries may be seen in all kinds of coffee, like Ceylon, Maccabio, Mocha and other varieties, and are as good as the Java—Eschanga.

CALIFORNIA'S BIG TREES.

They Were First Seen by a White Man.

John Bidwell, in 1841, was the first white man, so far as we know, who ever beheld those monarchs of the forest.

Nine years later a hunter named Dowd was led into the company of the forest kings by a bear that he was chasing, and it was by Dowd that the knowledge of the monster trees was first made known to the world.

These mighty conifers are really the most remarkable of all trees in size and bulk. They are from 200 to 400 feet in height and from 15 to 40 feet in diameter—Louisville, Ky.

Chinese Complexions.

A French writer has given in La Presse Medicale the results of his observations on massage in China. He remarks that the exquisite complexion of the young Chinese women is due not to enlivening, as has been expected, but to careful manipulation of the face done by expert masseuses.

They begin by a gentle pinching of the cheeks between the tips of their fingers, which acts fully ten minutes, then apply lotions on absorbent cotton, then an enlivening and finish by kneading the cheeks with an extreme delicacy of touch, always proceeding from the nose and commissures of the mouth toward the ears.

This is a hard and physiologically correct process which can be recommended in cases, rather than they should be, where the physician is consulted concerning a faded or otherwise unattractive complexion.

Where Israel "Murmured."

As soon as our loads were arranged and the riding camels selected we mounted and rode off across the desert or plain of El-Ka'a in a northerly direction, aiming for the Wadi Helwan. The wind was blowing hard and the sand stung considerably. In ancient times El-Ka'a was called the Wilderness of Sin. This was the place where the children of Israel murmured against Moses and Aaron, leading forth the fashions and bread they had left behind in Egypt, and this was where, when leaving their camp, the manna, which was supplied for the next forty years. This desert presents an ever picture of desolation, for, with the exception of some bushes that persist in growing in spite of the arid conditions, all that the eye meets are boulders, sand and gravel. —Wide World Magazine.

A Critical Critic.

Above all, I am an artist," said the actor. "From the moment I make my entrance on the stage I forget every thing but my part. I leave my own personality behind me. I am Romeo Hamlet, Lear. The theater vanishes, the audience disappears."

"I've noticed that," interrupted the critic.

"What?"

"That the audience disappears."

"Youth's Companion."

Dark Deeds.

"There is a man whom my husband admires who openly shows a tendency toward law pieces and who is so good for his dark deeds."

"Why, then, does your husband employ him?"

"To put coal in our cellar." —Baiter's more American.

WEBSDALE WARBLINGS

The country was visited by a three-day snow storm which has made all trails heavy and as result not many have been hauling to town this week. There is as much snow now on the ground, as we have had all winter. This snow is most welcome since it means all the more moisture on the prairie for crops and hay.

A number of people gathered for surprise on March 15 on H. W. Key's. Everyone had a good time departing in the wee sma' hours of the mornin'.

Easter services of the Sunday School will be held at the home of A. Salveron; also services in English at same place. Preaching by Mr. Valeur.

A number of young people from here attended a Wedding dance at Mr. Grey's. Among whom were the Messrs. and Misses Ayres, Mr. and Mrs. Ferrel and Miss Borjoff.

OLONA PONDERINGS

Miss Pearl McIntosh has returned to her home at Tripola, after spending two weeks with Mr. and Mrs. L. C. Fuary.

A number of Polonaites attended the bachelors concert given at Hoskin on Friday last.

Mr. and Mrs. Charlie Gray returned home on Monday from Idaho where they have been spending the winter.

William Gray and Miss Velma Benjamin were married at Medicine Hat on the 14th. Their many friends wish them both a happy and prosperous married life. Hurrah for William.

Miss Jean McKibbin who has been spending a with Mrs. Jennie Zimmerman returned to her home on Friday.

It is rumored that the school will open on Monday March 31st. Miss Dart of Barons being the teacher.

TOLD IN TWILIGHT AT TIDE LAKE

A number from here attended the dance at Tripola and had a jolly time.

Visitors at J. M. Cairns; Kenneth and Floyd Derriek C. Hewson, of Tripola and J. C. Anderson recross of King council.

M. D. Turnbull had a number call at his home last week. M. D. makes a good host.

Mr. and Mrs. A. L. Otteman went to the Busy Burg.

A nice social dance at W. M. Francis on Saturday evening, even one spent a pleasant evening and enjoyed themselves.

R. McCloud visited with Fred Hayward for a few days.

Mr. McCloud is going to work the Nelson farm this summer.

A painful accident—A load of young people returning from the dance at Tripola. Fred Hayward one of the party fell off the sleigh, when seen by the party he was quite a distance back, turning back for him although quite stunned he was singing Nearer My God to Thee.

The grass will soon be green and nice and the old stock will not have the price, to do as they did in days of old, when in good old 18-10, if some stock from home should stray on the pastures of old they dare not stray. For we have what is known as a pound, where lost stock is most apt to be found. When they are in good old 18-10. So please don't bluff for we have had quite enough of the pioneer days that have past. We want to put things in a better class in good old 18-10.

ESTRAY

Strayed on to the premises of Jonas Brulcher, of south half of sec 14 Tp 17 Rg 8 West 4th W. Sunday March 16th, one dark half gelding, about 7 years old, branded on right shoulder, white right hind foot, shod in front, weight about 1000 or 1100 lbs. Jonas Brulcher, Sulfield Post Office.

TRIPOLA BACHELORS

Laugh!! Why who wouldn't laugh if they attended the bachelors' concert given in the Hoskin school house on Friday evening March 21. The program was given solely by bachelors, and it was a decided success. Now if you think it was not a success, attend the next one. Oh, that big band that was served immediately after the program! And this was also served by the bachelors. After a few hours of dancing the crowd dispersed to their homes.

The program was as follows:—

Chairmans address.
Scene in bachelors shack—Grey Askew.

Song—Messrs. Hull Towers and McCracken.

Recitation—Wesley McEwen.

Music by the Bachelors orchestra. Dialogue—Chedister, Whitney and Lempi.

Guitar Solo—M. D. Chedister.

Song—Messrs. Hull Towers and McCracken.

Instrumental—Grey Askew.

Duo—McEwen and McLaughlin.

Song—Askew Birce and Lane.

Pantomime—Bisce Bros., McIntosh and McKibbin.

Music by the Bachelors orchestra. Dialogue—Askew and McKibbin.

Pantomime—Jones and McEwen.

Recitation—Grey Askew.

Music by the Bachelors orchestra.

Song—Messrs. Hull Towers and McCracken.

National Anthem by the audience.

The chair was ably filled by Chas Kincaid and all enjoyed themselves very much. Signed on behalf of the bachelors.

TEST YOUR SEED GRAIN

From the results of tests made upon samples of grain from all parts of the Province there is now no longer any doubt that much of this is unfit for seed purposes and that farmers are taking a serious risk in sowing it before they have had a test made for vitality.

This refers particularly to oats and barley. Oats, though perfectly plump and to all outward appearance sound, may be quite unfit for seed, due to the germ having been killed by frost injury.

For so small a matter as seed, it is capable of germinating without making a test. The records show that practically all districts are affected, but while bad seed is general good too, occurs in quantity, and we believe sufficient is available everywhere to meet the demand. It is, however, extremely important that every farmer should know just where this is to be procured and at the same time avoid everything doubtful.

To gain this information a germination test is absolutely necessary and a certificate of vitality should be demanded by all intending purchasers. In consideration of the loss incurred last year through neglect in this respect and knowing the danger of this, the Dominion seed department at Calgary is again strongly urging the growers to try having all oats and barley tested, as by this means only, can much unnecessary hardship and loss to the country be eliminated.

For the information of those not already aware of the fact, we repeat that all samples are tested free of charge by the seed Laboratory, Calgary, and sample bags supplied without cost to all who apply for them. All that is necessary on the farmers part is to send in the seed (about 1000 grains), place a two cent stamp on each sample and his name and address in one corner, together with a distinguishing mark, when more than one sample is forwarded. Such samples should be sent to the Dominion Seed Laboratory, Calgary where they will be tested and a report sent to the sender in about one or two days.

WESTERN CANADA'S DAY

This has been referred to as Canada's Century.

In Western Canada we use no such general term.

This is Western Canada's century, decade, year, month, week, and day. With the passing of each twenty-four hour period, new business blocks and houses are under construction, new lines of railroad have pushed on a little further, and each day is brighter than the one preceding.

There is no safer or surer investment today than lands or town lots in Alberta, Saskatchewan and Alberta.

Why I Buy at Home

(Continued from front page.)

to the list:

Because my interests are here.

Because the community that is

good enough to live in as good

enough to buy in.

Because I believe in transacting

business with my friends.

Because I want to see the goods.

Because I want to get what I buy

when I pay for it.

Because my home dealer carries

me when I run short.

Because every dollar I spend at

home stays at home and works for

the welfare of the town.

Because the man I buy from

stands lack of the goods.

Because I sell what I produce

here at home.

Because the man I buy from pays

his part of the local tax.

Because the man I buy from

gives value received always.

Because the man I buy from helps

support my school, my church, my

lodge, my home.

Because when ill luck, misfortune

or bereavement comes, the man I

buy from is here with a kindly

greeting, his words of cheer and his

pocket book if need be.

Here I live and here I buy.

The attendance, work and interest shown at the regular fortnightly meeting of the Woman's Auxiliary last Tuesday afternoon, at Mrs. H. C. Wagner's, was most gratifying in every respect. The members especially appreciated Mrs. Wagner's hospitality at this meeting as she was far from well. A most refreshing afternoon tea was enjoyed by all before dispersing to meet D. V. at Mrs. F. C. Woollven's on Tuesday afternoon April 8th. All women welcome.

METHODIST CHURCH

Remember the service in the Methodist Church next Sunday at 7.30. The congregation continues a good healthy growth but there is always room for another. If you have never been at the Sunday evening service start next Sunday; if you have been coming come again. If you are a stranger in town you will find a special welcome. Our invitation is to all, so come. Subject—Two processions.

The Sunday School holds its session at 11 a.m. and gives all a welcome in its classes. Adults can spend a pleasant and profitable hour in the Bible Class. Also classes for all children.—F. E. Clydale.

club room, Hon. Charles Mitchell minister of public works, will be present and C. S. Pingle is expected. Everyone is welcome to come and hear these speakers.

A provincial election has been called for April 17th, just three weeks from today. Everyone has been expecting it for some time, only the date being in doubt.

Mr. Pingle plans to meet every voter possible.

Next week a series of meetings will be held through the north country, as follows:

Monday, March 31, 2 p.m. Blue Grass, 8 p.m. Hoskin.

Tuesday, April 1st, 2 p.m. Peertess, 8 p.m. Osborne's.

Wednesday, 2 p.m. Websdale, 8 p.m. Rainy Hills.

Thursday, 2 p.m. Wise's mine, 8 p.m. Viking school.

Mr. Niblock, the Conservative candidate having resigned, it is undecided yet just who will run. William Henry of north of here, is mentioned as one of the possibilities.

Personals and Locals

You Need a

Land Packer

It is a well-known fact that the ground must be securely packed around the seed if it is to hold enough moisture. That is the object of this tool.

To Preserve Moisture

by packing and pulverizing the upper subsoil. Soil packed in this manner is in condition to absorb and hold large quantities of water.

The Packer We Sell

is made with two gangs, each of which is flexible enough to let the packer conform to the rough spots of the land. The packers are equipped with roller bearings, and are convenient to oil. An angle adjustment can be made by changing the holes in the angle bar at the inner end of the gangs. Each wheel is equipped with a removable bushing which can easily be renewed when worn, thus adding to its durability. The seat is equipped with a shield which protects the driver and prevents his clothes from coming in contact with the corrugated rims of the wheels.

Two Sizes—16 and 22 wheels.
